NEUROBALANCE
CENTER

To Whom It May Concern:

May name is Nick Gorsline, and I am a Personal Trainer and Group Fitness Instructor at NeuroBalance Center, NFP in Barrington, Illinois.

Lawrence J. Weiner was a participant at our Center, taking group fitness classes to alleviate the symptoms of his Parkinson's Disease. He started taking classes with me in January 2019 and attended his last class in December 2024, a few weeks prior to his passing.

Over the course of Lawrence's participation at NeuroBalance Center, he attended over 400 individual sessions, and I was in a unique position to witness the unfortunate motor skills and cognitive decline that was evident over this period. Beginning in 2020 the progression and severity of his symptoms were significant as compared to when he started at the Center.

Please feel free to reach out to me is you should have any questions or comments. I may be reach either by phone or email.

Respectfully,

Nicholas W. Gorsline
